Issue 21

We're delighted to announce that later this month we will be opening our new office in the town centre of the resort and, we hope to bring exciting news very soon too about the other units.

The potential of the resort is extraordinary - the beauty, the character and the history of the setting and the ease of access Riquelme gives to everywhere, is simply unique.

The concert we hosted over Christmas gave a flavour of what will be coming, a vibrant town centre that will add so much to life on the resort.

There are very exciting times ahead for owners and potential buyers and we can't wait to welcome you to our new office and to bring more news as it develops. If you are interested in renting a unit in the beautiful courtyard of El Cason please message us, we would be delighted to help:
